

## **THE VILLAGE OF NORTH HORNELL**

Hello and Welcome to the Village of North Hornell's web site! North Hornell is a wonderful Village located in the Southern Tier about 50 miles south of Rochester. We are a unique Village located next to the City of Hornell.

We have a great school system, wonderful shopping with Wegman's, Wal-Mart and Lowe's in a very convenient shopping plaza with many smaller stores and businesses. The Village and City together are working to maintain our excellent health care services with a possible merger between Strong Hospital of Rochester and our own St. James Mercy Hospital.

North Hornell provides all the services that you would find in a big city: Police protection with our three police officers, a state police substation and a Steuben county sheriff's office. Garbage pickup and a leaf vacuum truck help our residents maintain their property. Our Volunteer Fire Department consists of 32 members and we have the highest rating for a fire department. Our Department of Public Works does an outstanding job with our water and sewer lines. The condition of our roads is the envy of local communities.

Overall, we live in a wonderful community and I'm thankful for being its Mayor. We would love to have your visit our shopping, restaurants and schools to see our beautiful area.

*Mayor John Falci*
