NEW BUSINESS

Police schedule is being worked on by Mayor Falci and Frank Libordi. They will be meeting with Chief Smith in the near future to verify hours.

Jones St. set back. The resident on Jones St., Mr. Dieter and Mr. Steitzer originally wanted no parking on their end of Jones St. They have informed the Mayor that they have resolved their differences and no longer want a “no parking” sign. The Mayor is still considering a 50’ – 75’ set back.

Parking on Mary St. Mayor Falci talked to Dr. Chaudhry’s office manager about the concerns of residents going in and out of Marick Park. Parking at Drs. Office creates a problem. Phil Prunoske and David from Dr. Chaudhry’s office said that employees will park in back of the building creating more parking for patients to park in the Mary St. parking area. Mr. David Ferringer a resident of the Marick Park suggested that there be no parking allowed by Mr. Ramlow’s yard or the Apartments across from the Drs. Office. Mrs. Wallace from Marick Park suggested that there be no parking by the apartments during the Drs. Office hours. Mayor Falci asked Chief Smith to come up with a solution - possibly making the Street one way.

Marick Park update. Still waiting for the preliminary engineering report from Hunt Engineers in regards to the problems. Mrs. Giles asked what the floods of 1935, ’72, and ’03 are classed. Are they 30 year floods? Trustees will check with Greg Zdanowski and report at next months meeting.

OTHER

Drainage by Mr. Bebout’s home on Elmwood Ave. discussed. There is to be a curb installed to channel the water away as was done across from the Dyring home.

Bad water at the residence of Rick Shearer was tested by the DPW and found to be acceptable. Trustee Libordi said that the resident is using filters and that is why the water tested well. He suggested that the DPW contact Mr. Shearer and look at the filters to see what is being collected.
